YOUR GLOBAL PARTNER FOR **HOT-RUNNERS** BASED IN **CHINA**

HOT RUNNER PERFECTION MADE BY SWEDEN

Our passion is Hot Runner Solutions and we pride ourselves on simplicity while maintaining maximum performance and achieving modular perfection.

Our Operations are set up consistent with International business standards and strict adherence to proven Quality Management systems. We have over 30 years of experience designing, building and delivering Hot Runner systems to satisfied customers.

We supply Standardized products, Hot Runner solutions and Full Hot Half's to your exact requirements.

Full Simulation analysis is available for your project on request using the most advanced analytical tools available.

CERAMIC INSULATED, CE TECHNOLOGY

HEATLOCK Hot Runners were one of the first Hot Runner companies to adopt ceramic insulation. Our patented CE Technology insulates all the contact and location points from the Mold. HEATLOCK has adopted sustainability practices and made ceramics even easier to use with enhanced recyclability.

FANATIC ABOUT CUSTOMER CARE

HEATLOCK is a full service company and absolutely obsessed about Customer Care.

We deliver your Hot Runner Solutions!

GLOBAL PARTNERS

HEATLOCK is a fully integrated Global Company, we guarantee you High Quality service regardless of where the Molds are manufactured or the final location of injection molding production

Tech Center Spare Parts:

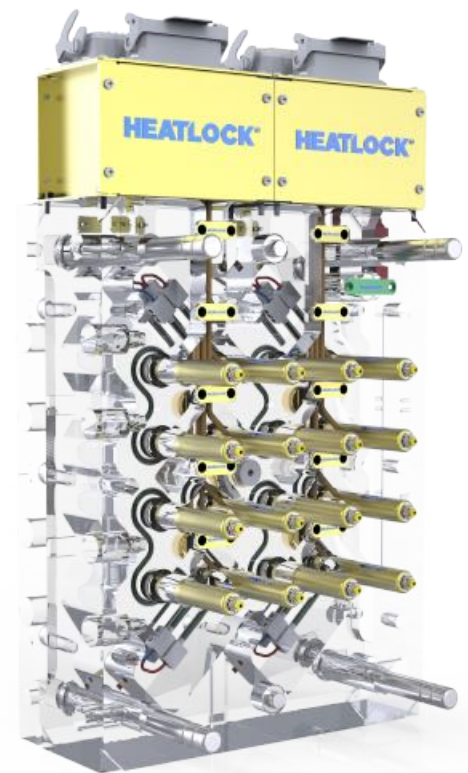

US, GERMANY, CHINA

GLOBAL ASSISTANCE, HELP ANYWHERE

- Assistance and Full Service Anywhere
- Worldwide Warranty
- Full Commitment to service for the Lifetime of the Mold

YOUR GLOBAL **HOT-RUNNER** **SOLUTION**

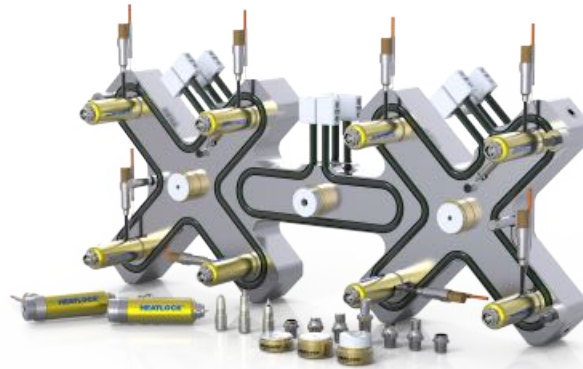

A1 SERIES

HEATLOCK workhorse series is built to last. Affordable and versatile Hot to Cold, Direct Gated or Valve Gate Solutions

A2 MODULAR

When Quality, Performance and Reliability matter. HEATLOCK Floating manifold systems with flexible modular options accommodate all types of molding applications.

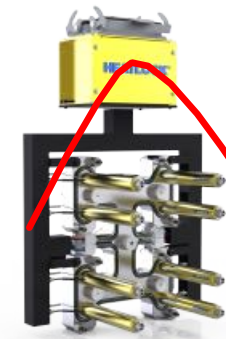

A3 ALL-IN-ONE

HEATLOCK Hot Runners are engineered to make it Fast and Simple to use with Maximum performance and reliability. A multitude of options are available to suit the most demanding applications including compounded Engineering Resins, High Heat Index and other challenging materials

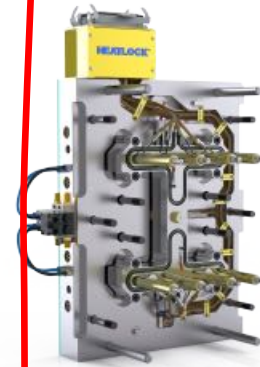

CE-FIX CERAMICS

Ceramic Clamp Technology (CE Fix) is an innovative and time tested solution of Ceramic Insulation Technology

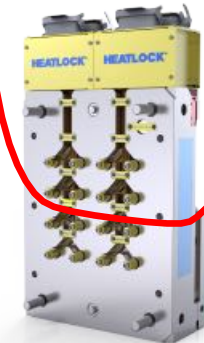

A3 PRE WIRED PERFECTION

Fully Assembled and pre-wired Hot Runner systems with Cable Ducting to fit your unique Mold design

A3 FAST HALF PERFECTION

Our fast and simple Hot Runner solution is assembled and pre-wired to the Fast Half Plate. Designed to fit to your Mold and quickly remove when Mold requires maintenance.

HOT HALF PERFECTION

Fully assembled and tested Hot Half designed for reliability and longevity. Simple to install and service for a variety of Mold Base standards. Fully compatible to Global Design standards.
